## HISTORY AND MISSION

Alfalah Society of Greater San Antonio was initially established in 2015 with mission to develop & empower the community through programs that promote harmony, build character, and serve Islam.

### NORTHSIDE ISLAMIC CENTER

As the Muslim population of San Antonio reaches great heights, the need for more Masajid becomes greater as well. The city demographic has witnessed a concentration of Muslim families in Northside San Antonio, without any facility to accommodate that part of the city.

To address this issue, a few brothers from the community

## NORTHSIDE ISLAMIC CENTER

combined efforts toward establishing a Northside Islamic Center. To accomplish this task, a group of brothers founded Alfalah Society of Greater San Antonio, as the first step toward a city-wide network of Islamic facilities and centers. With the help and support of local Muslim families, Alfalah Society of Greater San Antonio was able to rent a facility for daily prayers and Friday services.

Keeping in mind the vision to create the Northside Islamic Center, Alfalah Society hopes to move forward and have its own facility for the community soon, Insha Allah. Alfalah Society should be such a place where Muslim youth will have an outlet to connect with the entire community at large, and a healthy environment
